INDEPENDENT AUDITORS' REPORT

Board of Directors
Milestone Investments, Inc.:

We have audited the accompanying statements of financial condition of Milestone Investments, Inc. as of December 31, 2006 and 2005, that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Milestone Investments, Inc. as of December 31, 2006 and 2005, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

January 16, 2007

MILESTONE INVESTMENTS, INC. NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2006 AND 2005

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Nature of Business – Milestone Investments, Inc. (the Company) is a North Carolina Corporation. The Company is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the National Association of Securities Dealers (NASD). It provides mutual fund and variable annuity investment products to predominately small and medium size employers in the southeastern and mid-western areas of the United States that sponsor qualified retirement plans and to individuals who are eligible for distributions from such plans. In addition, it can provide investment advisory services to employers sponsoring qualified retirement plans. The Company is a limited broker-dealer and does not receive funds for investment nor does it hold securities for customers. Rather, all customer funds are delivered to, and securities are held with, either a mutual fund company broker-dealer or a variable annuity company broker-dealer.

Commission Income – Commissions and related clearing expenses are recorded on a trade-date basis as securities transactions occur.

Investment Advisory Income – Investment advisory fees are recognized as earned.

Receivables From Other Broker-Dealers – Receivables from other broker-dealers represent commissions due for mutual fund and group and individual variable annuity investment transactions. No allowance has been provided on these receivables because management believes all amounts are collectible.

<u>Capitalized Software Costs</u> – Software license fees for software used internally are capitalized and amortized ratably over a useful life of three years. Software amortization was \$3,334 in 2006 and \$2,222 in 2005, respectively.

Income Taxes – The Company is organized under Subchapter S of the Internal Revenue Code whereby net income is taxed to the shareholders. Therefore, no provision for income taxes is recognized on the financial statements.

Statements of Cash Flows – For purposes of the Statements of Cash Flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than ninety days.

<u>Use of Estimates</u> – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingencies at

the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Accordingly, actual results could differ from those estimates.

2. RESERVE REQUIREMENTS:

The Company is not obligated to report under SEC Rule 15c3-3 since, as a limited broker-dealer, its transactions are limited to the sale and redemption of redeemable securities of registered investment companies or of interests or participations in insurance company separate or general accounts. In addition, the Company transmits all funds and delivers all securities received in connection with its activities as a broker-dealer and does not otherwise hold funds or securities for, or owe money or securities to, customers. As such, the Company meets the exemptive requirements under SEC Rule 15c3-3(k)(1). Therefore, the Company does not have a reserve requirement nor does it have any information relating to the possession or control requirement under Rule 15c3-3.

3. MINIMUM NET CAPITAL:

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1) which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 8 to 1. At December 31, 2006, the Company had net capital of \$49,774, which is \$44,774 in excess of its required net capital of \$5,000. The ratio of aggregate indebtedness to net capital was 0.17 to 1.00 at December 31, 2006.

4. RELATED PARTY:

The Company shares office space and certain administrative overhead with a related company. In accordance with terms of an agreement reached with the related company, the Company paid approximately \$452,164 and \$359,229 in 2006 and 2005, respectively, for these services.

MILESTONE INVESTMENTS, INC. COMPUTATION FOR DETERMINATION OF RESERVE REQUIREMENTS UNDER RULE 15C3-3 OF THE SECURITIES AND EXCHANGE COMMISSION AS OF DECEMBER 31, 2006

The Company is exempt from the reserve requirements and the possession and control requirements under Rule 15c3-3 as of December 31, 2006 since the Company is in compliance with the exemptive provisions of Rule 15c3-3(k)(1).

James Mason, CPA, P.C.

INDEPENDENT AUDITORS' REPORT

Board of Directors
Milestone Investments, Inc.:

In planning and performing our audit of the financial statements of Milestone Investment, Inc. (the Company), as of and for the year ended December 31, 2006, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation differences required by rule 17a-13
- 2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices

and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2006, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the NASD, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers

and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

January 16, 2007

James Mason, CPA, P.C.
